

Through the Why Wound Care?™ website, you can gain access to FREE resources such as:

- Essential teaching and learning tools, including three levels of PowerPoint Presentations:

- o Level I: Basic Wound Care
- o Level II: Advanced Wound Care
- o Level III: Culture of Health (coming soon)

- Basic Wound Care Teaching/Learning Modules

Modules include: *Types of Wounds; Risk Factors/Comorbidities; Pressure Ulcers; Venous Ulcers; Diabetic Foot Ulcers; Dressings; Wound Assessment #1 and #2; Wound Cleansing; Support Surfaces; Specialty Therapies; and Patient/Family/Caregiver Education.*

- Advanced Wound Care Teaching/Learning Modules

Modules include: *Skin Changes at Life's End (SCALE); Pain Assessment and Management: Arming Your Toolkit; Venous Ulcers; Legal Perspectives Related to Wound Care; and more.*

Why Wound Care?™ Educational Resources

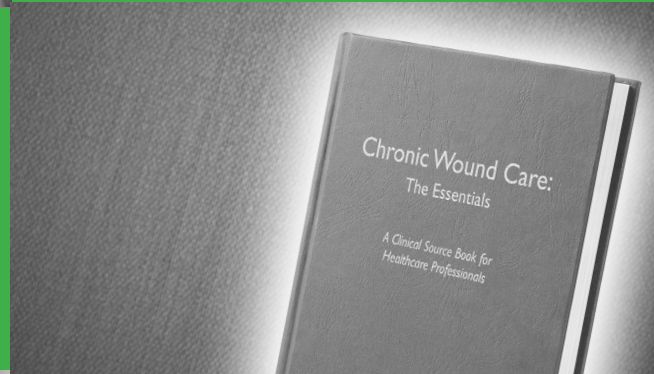

- Culture of Health Teaching/
Learning Modules

Preliminary modules include: *Pressure Ulcers, Skin Tears, Diabetic Foot Ulcers, Venous Ulcers and Incontinence-Related Skin Breakdown.*

- Chronic Wound Care: The Essentials (CWCE)

CWCE is considered the gold standard for wound care textbooks. The 25 chapters were selected and edited by Diane Krasner, PhD, RN, CWCN, MAPWCA, FAAN, and provide readers with the fundamentals of chronic wound care in one resource.

- An Online Community

That features stories from specialized wound care nurses about why they chose this field, and also connects students with role models who can answer questions about the specialty.

- Discounts on events

Discounted events include the Symposium on Advanced Wound Care (SAWC) Spring and Fall meetings.
